View Learning Program Courses

Overview

Learning Programs are groups of courses and content related by subject matter, role, or skill level. Reviewing the contents of a Learning Program helps you assign the right materials to the right employees.

Here's How

1. Select the *Learning Program* you would like to view.

- **A** The list of content within the Learning Program.
- **B** The Knowledge Score associated with Learning Program and each individual lesson.
- **C** The number of days a learner has to complete the program before it is considered overdue.
- **D** A summary of the Learning Program assignment and completion for the current location.
